LIONS OUTLINE XMAS PLANS

Toys For Children Among Club's Activities; Seal Sale Is Explained

Preparations for activities of the club to assist in promoting the Christmas Spirit in the community were made by Placerville Lions at their regular Tuesday noon meeting at Hotel Raffles.

In addition, the club had as guests for the day, Dr. A. A. McKinnon, chairman, and Mrs. Percy McNie, of the county Tuberculosis Association, who told of the work which is being done in the control of tuberculosis, and which is made possible by the money realized through the annual sale of Christmas Seals under the association auspices.

Other guests of the day included Lion Rev. Wilkinson, a member of the Howard, South Dakota, den; Mr. Blum, recreational director at Mosquito CCC camp; and Lion State Senator A. L. Pierovich, of Jackson.

The club voted an appropriation aggregating about \$37.50 for Christmas baskets to be distributed this year and made plans for a Christmas meeting of the club this coming Tuesday, at which the Lions will each take a toy to the meeting for addition to the Christmas baskets.

In this connection, Mr. Blumm, of the Mosquito Camp, informed the club that several of the enrollees of the camp have expressed themselves as willing to repair any old toys which may be presented, so that they, too, may go into the community observance.

Judge Trabucco Dies Suddenly

Mariposa County Jurist Suffers Heart Weakening After Minor Operation

SAN FRANCISCO, (UP)—Mariposa County's Superior Judge J. J. Trabucco, one of California's most distinguished Superior Court judges, died today shortly before noon. He was 69 years old and had a record of 36 years on the bench.

SAN FRANCISCO, (UP)—Superior Judge J. J. Trabucco, 69, California's "visiting judge" from Mariposa county, was reported near death today at Dante Hospital.

He was stricken with a heart attack after successfully convalescing from a recent minor operation. Physicians said his resistance was lowering and that his condition was "extremely critical."

His wife and two sons, Eugene Trabucco, Hillsborough, and Louis Trabucco, Piedmont, were called to the bedside.

Fourth oldest in point of service among the judges of the state's 160 superior courts, Judge Trabucco is also one of the most widely known.

His reputation as a jurist has led to his having been called in as a visiting judge in 40 of the state's 58 counties. He has presided at many of California's most famous criminal trials.

He was born in Bear Valley and entered the practice of law after being graduated from Santa Clara University.

DENTAL OFFICE BURGLARIZED

Gold Theft Over Weekend Noted By Dr. White On Monday Afternoon

A thief whose method of operating indicated his familiarity with dental equipment entered the offices of Dr. A. L. White over the weekend and stole dental gold of an estimated value of between \$100 and \$500.

The crook did his work so neatly and with such care not to disturb other materials and equipment that the robbery was not discovered by Dr. White until Monday afternoon when he had occasion to use some gold in the treatment of a patient and found the supply gone.

The matter was reported to the city police and subsequent investigation showed that entry to the dental suite, which is on the second floor of the Kelly Grocery store building, had been gained by jimmieing the door leading into the dental laboratory.

That the burglar had knowledge of dental equipment is indicated by the circumstance that his search for the gold was so thorough that he detached a receptacle into which the filings fall when the gold is being worked, took the filings and replaced the receptacle.

The officers declined to disclose the course which their investigation is following.

2-DAY GOLF TOURNAMENT OFFERS TURKEY FOR WINNER

County golf devotees are looking forward to a two-day tournament on Saturday and Sunday of this weekend in which the winners will take home a Christmas turkey.

The tournament is a blind bogey, so that everyone has an equal chance for honors.

Larry Kelly, the club pro, reports that he will spend the week going over the nine-hole course so that it will be in top-top shape for the two-day tournament.

The number of players visiting the course, especially on weekends, is reported to have increased materially since the reduction of membership fees to one dollar a month.

Those who are new to the game and who desire to correct their faults, will find Mr. Kelly available for instruction periods at the clubhouse.

Federal Grand Jury Takes Evidence In Purported Smuggling By Movie Stars

By ROBERT MUSEL

NEW YORK, (UP)—The United States Attorney's office disclosed today that a federal grand jury was still taking evidence of purported smuggling by movie stars, and that others in addition to the comedian George Burns might be indicted.

Katharine Hepburn, Jack Benny, Jack Pearl and Wallace Ford, Ralph Hitz, hotel operator, and Joseph Moskowitz, 20th Century Fox films executive, have appeared before the grand jury. Presumably they were questioned about their knowledge of Albert N. Chaperau, principal defendant in the case, who allegedly smuggled in jewelry and finery from Paris and disposed of them at bargain prices to a select clientele.

Crestfallen, his mouth set grimly and his eyes shielded by dark glasses, Burns boarded an American Airlines plane for California last evening. He was listed on the manifest as "George Williams." As he had one day, since he appeared unexpectedly before Judge William Bondy in answer to the sealed indictments. He posed for photographers but would not say a word.

returns, reportedly as a government witness, at the trial of Chaperau and Mrs. Edgar J. Lauer, wife of a New York Supreme Court Justice who also is charged with having accepted smuggled goods.

Although he is liable to a possible maximum sentence of 19 years imprisonment and a \$45,000 fine, the charges against Burns are technically misdemeanors, rather than felonies, and it was assumed that his sentence would be light, especially if he provided government evidence.

Correspondence found in Chaperau's apartment had implicated Burns.

Handcuffs Catch Boy In Family Home

FRESNO, (UP)—Earl Farnsworth, 15, had his first brush with the police last night when he walked into headquarters and displayed a pair of handcuffs locked on his wrists.

It turned out that the cuffs belonged to county supervisor Mike Jones, a former constable, and had been left at a friend's home by Jones' daughter, Grace. Earl found them there and in demonstrating their use, had locked them on himself. Laughing officers unlocked the cuffs and sent the boy home.

Butcher's Wife Sues For \$100,000

nounced that those who have toys which, with a reasonable amount of repair, may be made useful, should leave them at his store and he will see to it that they are delivered to the Mosquito camp toy repair "clinic."

Dr. McKinnon said that tuberculosis is known to have been a disease of men as far back as 5,000 B. C. Among the causes of death, tuberculosis is seventh in the nation and sixth in California. The death rate from this cause was about 200 per hundred thousand in 1906 and this has been cut to 53 per hundred thousand in the latest available figures.

There are 490 hospitals and sanatoria for tuberculosis patients in the United States having a total of about 95,000 beds and the treatment of tuberculosis usually requires six months of hospitalization and from two and one half to three years of further treatment.

He spoke of recent improvements in the method of treating tuberculosis and told of the efforts of the county Tuberculosis Association in making a tuberculin test of all the school children of the county. This test, he declared, failed to reveal any seriously active case of tuberculosis.

Mrs. McNie as secretary of the county tuberculosis association reported that sales of Christmas Seals two years ago brought the association about \$1,000 for its work. Last year the proceeds were about \$900 and this year to date \$506 has been realized.

She stated that a card index file of contributors is kept and that when remittances are made, the fact is noted on the cards.

Although the Christmas Seal campaign ends with the pre-Christmas season, Mrs. McNie stated that records of the association are not closed until February 1, so that late contributions may be received and will be welcomed.

Allen Otto was voted into club membership and the meeting closed with the showing of a motion picture by George Middendorff. The film had to do with the petroleum industry.

SCOTT'S SCRAP BOOK

By R. J. SCOTT

The new rice drier at Gridley can handle 60,000 sacks every twenty-four hours.

Col. John True, San Francisco, recently bought the McCormick ranch at Auburn.

THE HECTIC adventure and fast comedy in "The Affairs of Annabel" stem from the sparkling performance of the stars, Jack Oakie and Lucille Ball. The picture is the feature today and Wednesday at the Empire theater.

A 15,000-acre irrigation district is being formed in Tulare county.

SCREEN STAR'S FAME IS
MIRTHFUL BASIS FOR
"ANNABEL"

The troubles of a film star who indulges in publicity stunts to popularize her pictures forms the hilarious framework of "The Affairs of Annabel," the current Empire attraction.

Around one of these efforts and its consequences is woven most of the exciting action of "The Affairs of Annabel." Miss Ball, endeavoring to act temporarily as a housemaid in preparation for a picture, finds herself a prisoner of two desperate kidnapers. Her escape, the criminals' capture and the resultant publicity are worked out in the thrill and laugh-packed climax.
